| HIV-RELATED LABORATORY COMMODITIES | Xpert HIV-1 Qualitative Catridge(EID) |
| HIV-RELATED LABORATORY COMMODITIES | Xpert HIV-1 Quantitative Catridge(VL) |

- Page loads with results of each individual sample under the batch number used for login
- At the top right hand corner, you can download and print either individual result reports, summary result reports
- Use the historical bathes to view all results (previous to current )for both EID and VL for the site.

# Access EID & VL Results via Shortcode 20027

## What you need:-

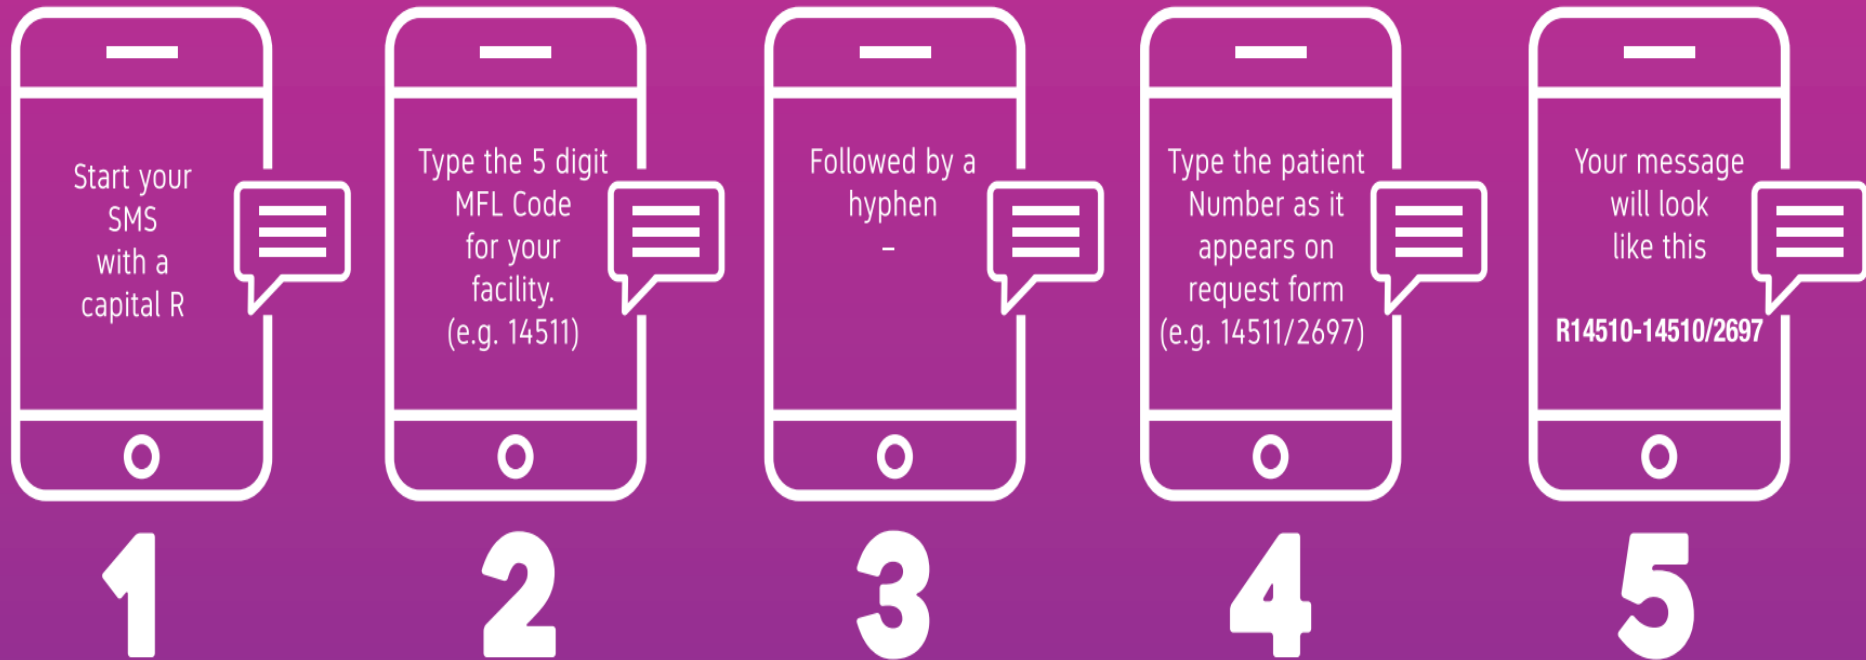

- I. Facility MFL Code
- II. Patient CCC Number( As it appears on the sample request form)
- III. Mobile Phone ( any as long as it can send and receive text messages)

## The Process:-

- I. Go to Compose SMS on the mobile phone
- II. Start your text message with a capital R ( to mean we querying for Results)
- III. Then, type the 5 digit MFL Code for your facility. (e.g. 14510 for Gilgil SHC)
- IV. Then, type a hyphen -V. Then, type the Patient CCC Number ( as it appears on request form e.g. 14510/2697)
- VI. Send the SMS to 20027

i.e R14510-14510/2697

**\* ALWAYS START WITH THE MFL CODE, IRRESPECTIVE OF WHETHER IT IS PART OF THE CCC # OR NOT.**

## Expected Outcomes :

- I. SMS Message with The Result(S) of the Patient CCC #. ( if the sample results ready at the lab)
- II. SMS Notification that Sample is still In Process . ( if the result is not ready). For such cases, no need to resend the query, as soon as the result is ready, an SMS will be sent
- III. SMS Notification on Wrong/Incorrect CCC #/ID sent. This could be due to wrong format used or incorrect CCC # entered or MFL Code not entered as it is already in the CCC #

# Response::
